

Welcome to the London Market

Cyber Insurance – Flare

An online platform offering automatic binding authority for Cyber insurance. Larger and more complex risks can also be placed on a different basis (please refer to Decus contacts below). This platform offers coverage from claims arising out of any form of cyber breach that can harm your business.

Coverage includes:

- Phishing emails targeting your staff
- DDoS attacks that shut down your website
- Malware that infects your system
- Loss of profit and additional cost of working due to the cyber breach,
- Data recovery costs following a breach
- Costs and expenses in responding to ransomware potential data ware
- Costs or fines associated with a breach
- Notifying your customers of the loss of their data.

For an additional premium we can offer cover for:

- Theft of funds from social engineering fraud
- PCI fines and penalties if handling payment cards

Cyber emergency? We've got it covered 24/7

Let us sort it out for you.

- A 24/7 cyber expert response hotline means you're speaking to a breach specialist within seconds.
- Where needed, we'll have one of our team at your premises the same day.
- All time spent with Breach Coach is covered under the policy – no additional charge at all

Programme Appetite:

- Policy limits offered up to \$1m
- Minimum premium from \$250
- Minimum retention from \$1,000
- Higher Limits available on an open market basis
